SUMMARY

A highly motivated front-end developer with 3+ years of experience building user-friendly, interactive, and responsive web applications. Proficient in HTML5, CSS3, and JavaScript, with hands-on expertise in advanced libraries such as Swiper.js for creating elegant, touch-friendly sliders and GSAP for robust animations. Adept at collaborating in Agile teams and delivering pixel-perfect designs while focusing on performance and scalability.

EXPERIENCE

Front-End Developer

01/2024 - Present

Frelance ↗

- I specialize in front-end development, focusing on creating responsive and visually appealing user interfaces using HTML5, CSS3, and JavaScript.
- I prioritize user experience, ensuring websites are accessible and perform well across devices and browsers.
- Integrated Swiper.js to create smooth, responsive carousels and sliders for various client projects.
- Implemented responsive layouts using Flexbox and CSS Grid, optimizing for both desktop and mobile platforms.
- Created interactive animations with GSAP to deliver smooth, visually appealing user experiences.

Web Developer

01/2022 - 12/2023

Ruel Software Limited

- As a web developer, I was involved in various stages of the project lifecycle, from initial planning and requirement gathering to the deployment and maintenance of websites and web applications.
- My role required a deep understanding of both front-end and back-end development to create seamless user experiences and robust functionality.
- Used Swiper.js for creating custom sliders and carousels tailored to client needs.
- Worked closely with the QA team to resolve front-end issues and ensure cross-browser compatibility.
- Implemented responsive layouts using Flexbox and CSS Grid, optimizing for both desktop and mobile platforms.

EDUCATION

Business and Information Technology

01/2017 - 11/2021

ST PAUL'S UNIVERSITY - Bachelor's Of Science

As a Bachelor of Business Information Technology (BBIT) graduate, I have immersed myself in the study of both technology and business, striving to bridge the gap between these two dynamic fields. My academic journey has been defined by a keen interest in understanding how information systems can drive business efficiency, innovation, and growth.

SKILLS
